The exchange zone begins at the 500m start and ends at the main finish line.

During relay races, the following safety regulations must be observed:

- Athletes who are not participating in the race are not allowed on the 400m track
- Coaches are not allowed on the ice or in the infield
- Wearing a full helmet, cut-resistant gloves, a cut-resistant neck guard, ankle protection, and shin guards is mandatory
- skates must be rounded at the front and back (10-cent coin standard)

Any violation of these safety rules will result in the entire relay team being excluded or disqualified.

In accordance with the current ISU rules, Russian and Belarusian athletes are excluded from participation in this competition.

The number of athletes per age group and club is limited to 2 athletes (1 male junior and 1 female junior). If necessary, younger athletes may compete up to two age groups above their own. Female athletes may also compete in the corresponding male age categories, likewise up to a maximum of two age categories higher above their own. We ask for registration of complete teams. **The total number of athletes will be limited to 144 (= 12 teams). Participation will be**

confirmed in the order in which registrations are received.
